Harborlight Learning Studio

Fictional business profile | EECE 503P C3

Mission

Help secondary school and first year university students learn with confidence through clear explanations and practical study plans.

Services

One to one mathematics and introductory programming tutoring; small exam preparation groups; four week study coaching plans; and a free 20 minute discovery call.

Team

Maya Haddad - learning director and mathematics tutor. Karim Nassar - introductory programming tutor. Lina Farah - study coach.

What makes Harborlight different

Each tutoring session comes with a short written practice plan, helping students carry the learning into their own study time.

Availability and contact

Online or at a fictional studio in Hamra, Beirut. Monday through Saturday, 10:00 to 19:00 Beirut time. hello@harborlight.example

Important limits

Prices and tutor availability are confirmed after a discovery call. No fixed prices, guaranteed results, or confirmed bookings are published. This is a course project; the address and email are illustrative.
